Source: Compiled by FTA from state sources.

Notes:

The formulas listed are for general manufacturing businesses. Some industries have a special formula different from the one shown.

* State has adopted substantial portions of the UDITPA (Uniform Division of Income Tax Purposes Act).

Slash (/) separating two formulas indicates taxpayer option or specified by state rules.

3 Factor = sales, property, and payroll equally weighted.

Double wtd Sales = 3 factors with sales double-weighted

Sales = single sales factor

(1) Mississippi provides different apportionment formulas based on specific type of business. A single sales factor formula is required if no specific business formula is specified.

(2) Ohio Tax Department publishes specific rules for situs of receipts under the CAT tax.

(3) New Mexico is phasing in a single sales factor for manufacture business through 1/1/2018.
